Migrant and Seasonal Farm Worker Programs Potential Fiscal Year 1978 Sponsors

[4510-30]

DEPARTMENT OF LABOR

Employment and Training Administration

MIGRANT AND SEASONAL FARMWORKER PROGRAMS

Potential Fiscal Year 1978 Sponsors

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: Pursuant to 29 CFR 97.216, the Employment and Training Administration announces the selection of potential Fiscal Year 1978 sponsors for funds under title III, section 303 of the Comprehensive Employment and Training Act (SETA) of 1973, as amended. This notice also announces nonselected applicants.

FOR FURTHER INFORMATION CONTACT:

Mr. Paul A. Mayrand, Director, Office of Farmworker Programs, Department of Labor, Employment and Training Administration, Room 7122, 601 D Street, NW., Washington, D.C. 20213, phone 202-376-7288.

SUPPLEMENTARY INFORMATION:

1. *Potential sponsor designations.* The following are the applicants to be designated as potential sponsors to provide services to migrant and seasonal farmworkers with allocable funds authorized under CETA, section 303, in all or part of the States indicated. Each applicant so designated as a potential sponsor shall be notified in writing of the amount of funds which may be granted, the target areas to be served, the items to be negotiated, and the time and place of negotiations. These designations are being made pursuant to 29 CFR 97.217; designation as a potential sponsor does not commit the Department of Labor to award funds to the designee, only to enter into negotiations. If negotiations fail to produce an acceptable grant, the Secretary will make a resolicitation for the State or area pursuant to 29 CFR 97.217(d).

3. *Program areas renewed without competition.* The Secretary has exercised the option contained in 29 CFR 97.219 (a) to negotiate Fiscal Year 1978 grants without recompetition for existing sponsors whose Fiscal Year 1976 performance was determined to be satisfactory as recorded in the quarterly Program Status Summary (PSS) reports which are used to assess the grantees' performance in carrying out the objectives of the Act, and whose performance continues during the grant negotiation period to be at an acceptable level. (If prior to award of grant, a sponsor's performance is determined not to be acceptable, the Secretary may invite proposals for that area from other organizations and, with or without a panel review, negotiate a grant with one or more proposers pursuant to 29 CFR 97.217). Satisfactory performance was determined after a review of "actual performance versus planned performance" on 11 factors:

1. Number of participants enrolled.
2. Number placed in jobs.
3. Number of direct job placements.
4. Number of indirect job placements.
5. Number of other positive terminations.
6. Number enrolled in classroom training.
7. Number enrolled in on-the-job training.
8. Number enrolled in work experience.
9. Number enrolled in other activities.
10. Accrued expenditures.
11. Level of nonpositive terminations.

Satisfactory performance for each factor was considered as obtaining at least 85 percent of the planned goal. (For factor 11—level of nonpositive terminations—the grantee had to be at or under the number of planned nonpositive terminations.) For each factor, each grantee was given a positive mark when they adequately met the goal. Grantees with eight or more positive marks were determined to be satisfactorily performing and were selected as grantees to be renewed without competition.

Grantees experiencing serious audit questioned costs or management difficulties were excluded from the noncompetitive list. Also, the new sponsors (selected in 1977) automatically compete since they did not have a full year's experience to rate their actual versus planned performance. Section 97.219 requires that no grant shall be operated in any State or area for a period of more than 2 years without recompetition. Consequently, all States or areas that did not recompete last year were also excluded from the noncompetitive list.

The following list of organizations, published in the FEDERAL REGISTER, Vol. 42, No. 131, Friday, July 8, 1977, have demonstrated satisfactory performance and were not required to compete for Fiscal Year 1978 potential sponsor status.

4. *Nonselected Applicants.* The following are the applicants whose funding requests were not selected for funding with CETA, section 303 allocable funds. This FEDERAL REGISTER notice constitutes the Secretary's obligation to provide to nonselected applicants the names and addresses of those applicants selected in the target area for which funds were sought. The Department notified all nonselected applicants by telegram on or about December 5, 1977. That communication constituted the Department's written notification of nonselection as required by 29 CFR 97.216(c). 29 CFR 97.292 identifies all procedures necessary to petition for reconsideration and indicates that in order for a petition to be considered it must be filed within 14 days of receipt of notification of nonselection. This means that the petition for reconsideration must be actually received by the Employment and Training Administration in Washington, D.C., by the close of business on the 14th calendar day after the applicant received the telegram.

(a) Applicants whose funding requests were not selected by the Secretary are listed by State.

MIGRANT AND SEASONAL FARMWORKER PROGRAMS

Reopening of Competition for the States of Nevada and Vermont for Fiscal Year 1978

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: Pursuant to 29 CFR 97.211 and 97.219, the Employment and Training Administartion on July 8, 1977, in Volume 42, Number 131 of the FEDERAL REGISTER, announced the Fiscal Year 1978 State planning estimates, areas to be renewed without competition, and areas open for competition. Pursuant to 29 CFR 97.216 and 97.217, the Employment and Training Administration is now inviting submission of new proposals for the States of Nevada and Vermont.

FOR FURTHER INFORMATION CONTACT:

Mr. Paul A. Mayrand, Director, Office of Farmworker Programs, DOL/ETA, 601 D Street NW., Patrick Henry Building, Room 7122, Washington, D.C. 20213, phone: 202-376-7288.

REQUIRED ACTION: The Secretary invites organizations eligible under § 97.-205 which are interested in receiving a grant for section 303 programs in the two States to submit Funding Requests to the address given above on or before January 25, 1978. Such organizations must also submit to the same address a notice of intent to submit a Funding Request for the State; the notice of intent must be received before close of business January 6, 1978, or the Funding Request will not be considered. A preapplication for Federal assistance form is not required, but may be used as the notice of intent.

In those States for which a timely notice of intent is received from more than one organization, the Secretary will not begin negotiations for a section 303 program until Funding Requests have been received. Where only one notice of intent is received for a State the Secretary may begin negotiations as soon as practical after the January 6, 1978, deadline.

Funding Requests shall be prepared in accordance with the requirements of 29 CFR 97.213 and 97.214. All organizations submitting Funding Requests must comply with requirements under OMB Circular A-95 and, therefore, must submit the Funding Request to the appropriate clearinghouse at the same time it is submitted to the above address.

SUPPLEMENTARY INFORMATION: In the July 8, 1977 Notice in the FEDERAL REGISTER, the State of Nevada was announced as being a program to be renewed without competition. The notice specified that "If prior to award of grant, a sponsor's performance is determined not to be acceptable, the Secretary may invite proposals for that area from other organizations and, with or without a panel review, negotiate a grant with one or more proposers pursuant to 29 CFR 97.217." The Secretary, after further review of the State of Nevada's performance, is now exercising the option to reopen competition for the State of Nevada.

In the July 8, 1977, Notice in the FEDERAL REGISTER, Vermont was announced as open for competition. No applications were received. Pursuant to 29 CFR 97.-216, if no Funding Requests are received for a specific State or area, the Secretary may invite one or more organizations to submit a proposal for that State or area. In the event of a second invitation, the review criteria for allocable funds need not apply and funds may be awarded at discretion of the Secretary. The Secretary is hereby issuing a second invitation for proposals for the State of Vermont.

Signed at Washington, D.C., this 13th day of December 1977.

ERNEST G. GREEN,
Assistant Secretary for
Employment and Training.
